### 2. Objectives:

- we are identified a number of senior citizens, widows and physically handicapped individuals who lived alone and had no one they could turn for support even when the situation normalized.

### 3. Outcome of the Event:

The supply of food enables them to meet the most basic human needs.

### 4. Summary

All economic activities and people being advised to stay at home had led to loss of livelihood for these workmen. This had directly affected on their capacity to provide food for their families. We are Rotaractors had been taken necessary hygiene precautions by wearing face masks and using hand sanitizers during food distribution. we together made voluntary support between us and

donated food kit to meet their daily needs. Keeping this dire situation in view we have continued to support the families with food kits in the areas between Rahul Education Trust. Also considering that they lived in remote areas with limited access to transport our staff and volunteers of Rotaract club of MITFGC ensure that the food kits are home delivered to the beneficiaries on the 27th June 2021.
