ANNUAL REPORT

The formation of an ANTI-RAGGING cell was driven by the aspiration to create a nurturing and safe atmosphere within the college campus. In addition to this, we have various other committees dedicated to address student concerns, including a "women's cell," a "grievance cell," a "mentoring cell," and a "disciplinary committee." These committees work diligently to oversee student behaviour and promptly resolve any issues or complaints they may have.

Regular visits to each classroom are conducted with an aim of raising awareness among students about the consequences of ragging. Posters have been prominently displayed on notice boards to educate students about the detrimental effects of ragging on their academic journey and to emphasize that the ANTI-RAGGING cell with a dedicated coordinator, is readily available for any assistance.

We affirm that there were no reported incidents of ragging throughout the academic year 2022-23.
